DESCRIPTION

ExecuJet MRO Services is currently seeking a suitably qualified person to fill a vacancy, based at Lanseria International Airport. The main objective of the position is to effectively maintain the IT infrastructure in accordance to policies and procedural guidelines outlined by the IT Manager and to assist the Network Systems Administrator with daily tasks.

RESPONSIBILITIES

- Maintain all computers and communication systems
- Ensure effective communication to the IT Manager.
- Ensure effective software administration and legalities
- Provide an effective IT support service
- Assist with ad hoc task as assigned by the relevant manager

EXPERIENCE & QUALIFICATIONS

Essential

- Microsoft Certified Desktop Support Technician
- Microsoft Certified Professional (MCP)
- A+ or N+ CompTIA Certification
- International Computer Driver's License (Word, Excel, PowerPoint, Outlook)
- Knowledge of antivirus software and applications
- Knowledge of Domain Services
- Knowledge of VMware
- 2 Year experience in network infrastructure support and maintenance (desktops, switches, network printers)

Desirable

- Experience in MCSE 2012/2016

PERSON SPECIFICATIONS

- Good communication and interpersonal skills
- High levels of responsibility and client focused
- Professional approach towards allocated duties
- Self-disciplined, with good planning and organising skills
- Ability to adapt (being flexible) to working conditions
- Ability to work independantly and within a team
