Rev 1 Aug 2024	CIVIL AVIATION AUTHORITY APPROVED MAINTENANCE ORGANIZATION CERTIFICATE	FILE No. Z/AMO/43/2005

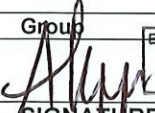

1. This approval is limited to that specified in the scope of works section of an Approved Maintenance Organisation Maintenance Manual of Procedures.
2. This approval requires compliance with the procedures specified in an Approved Maintenance Organisation Maintenance Procedures Manual.
3. This Approval is valid whilst the Approved Maintenance Organisation remains in compliance with the relevant Zambia Civil Aviation Requirements (ZCARs).
4. Subject to compliance with the foregoing conditions, this Approval shall remain valid unless the approval has previously been surrendered, suspended, superseded, cancelled or revoked by the Director General of Civil Aviation.
5. This foreign AMO approval is only valid when the local AMO approval is also valid

PART B	Definitions and Abbreviations	
Unless otherwise defined in these operations specifications provisions, all words, phrases, definitions, and abbreviations have identical meanings to those used in the Zambia Civil Aviation Regulations (ZCARs) and the Zambian Civil Aviation Act CAP 444 of 1995 as amended. Additionally, the definitions listed below are applicable to operations conducted in accordance with these operations specifications provisions.		
AMO	Aircraft Maintenance Organisation	
CAA	Civil Aviation Authority	
ZCARs	Zambia Civil Aviation Requirements	
MPM	Maintenance Procedures Manual	
Certificate Holder	In these operations specifications provision the term "Certificate Holder" shall mean the holder of an aircraft maintenance organisation certificate, issued in terms of Part 6 of the Zambian Civil Aviation Requirements of 2024 as amended.	
Rating	Means an authorisation entered on or associated with an AMO approval and forming part of such approval, stating special conditions, privileges or limitations relating to such approval. Privileges are defined in ZCARs Part 6.	
Maintenance	Means all work done in accordance with the manufacturer's recommendations and approved maintenance schedules and include inspection, adjustment, replacement, rectification, repair, and modification, overhaul, manufacturing and testing.	
Category	Classification of aircraft maintenance activities into airframe maintenance (Cat A), Airframe components, equipment and accessories maintenance (Cat B), engines on-wing maintenance (Cat C), engine /components overhaul (Cat D), Maintenance on rotorcraft and their engines (Cat E), aircraft avionics installations Cat W class 1, 2 &3), avionics equipment overhaul Cat X, class 1, 2 & 3) propeller (class X4) and welding processes (classX5).	
Deviation Authority	An authorisation that permits an alternate means of compliance with the Civil Aviation Regulations. The deviation authority must meet the procedural requirements of the ZCARs Part 6.	
Limitation	A restriction imposed on the corresponding rating based on the AMO capability.	
Capability List	A document compiled by the AMO and approved by CAA, which details a comprehensive list of all the components/equipment that the AMO is capable of maintaining. <i>Note: this list is mandatory for category 'B', 'D' and 'X', unless such a list of components and repair limitations can be accommodated in the space provided</i>	
Special Processes	A set of interrelated activities which transforms inputs into outputs. <i>Note: Examples are: NDT, Electro plating, Plasma Spraying, etc.</i>	
Satellite Facility	Means any facility used for the performance of maintenance under ZCARs part 6 approvals, but is located at another location than the principal place of business (main Base) but is an integral part of the maintenance organisation.	
Line Station	For the purpose of this document, means any maintenance facility that is utilised to perform any action that is mandatory, or is required to be performed on an aircraft for the purposes of turn around, or a route check, or a transit check and is limited to defects rectification repairable by replacement of line replaceable units.	
Group	Means classes of aircraft, engines and items of equipment as defined in ZCARs part 6.
